

The "Timbreblue Family" is a warm and welcoming group of people who have our whippets and are there to provide support for each other and new owners. The group has a Facebook group that's a great place to swap stories, ask questions, and offer suggestions about products or methods that have worked for you. The atmosphere is lighthearted and communal. Everyone has an equal voice and all opinions are respected. The conversation for the most part revolves around our whippets, with occasional diversions. It's a chatty group, averaging 2-5 messages per day. The group is open to anyone interested in whippets, and we have a private pGe for our owners only.

One of the recent initiatives of the Timbreblue Family is **The Luna Fund**, which is a voluntary fund set aside for catastrophic veterinary bills. If a

family is blindsided by a vet bill they cannot afford, they can ask for assistance.

The [Timbreblue Annual Reunion](#) is a gathering of our whippet owners and friends that we hold once a year at "Love on a Leash" (an agility training facility) in Harrisonburg, Virginia. They have a wonderful indoor-outdoor area, double-fenced and safe for the dogs. We also do a pot luck lunch and have a lot of fun hanging out, putting faces with names, and watching the dogs catch up with their relatives!
